

EMPTIES PRICE LIST

When purchasing new inkjet cartridges, we credit you for each empty inkjet cartridge you return to us at the value listed below, or **BD\$2.00**, whichever is **greater**. If your empty isn't listed, we still pay you \$2.00 when you purchase a new cartridge. Note that we don't pay for empties if you have a 'special' refill of a specific or non-standard cartridge. We do not pay for empty laser toners.

For empties without purchase or in excess of new cartridges purchased, we make the payments shown, subject to the conditions below.

Conditions:

1. Empty cartridges must be in good condition and not previously refilled. Inktech refills are accepted unless virgin only required. (Virgin means never previously refilled)
2. Where cartridges are marked with a date, the date must be less than 1 year prior to the date presented.
3. We reserve the right to inspect and test cartridges before making payment.
4. Where large numbers of cartridges are presented, we reserve the right to limit payment.
5. These prices are subject to change without notice. The current list can be found on our website.
